Recommendation:

1. That the report be received.

Professional Development Fund Report February 2020

There is not much to report since the last update. We have now passed the date at which the contact with the Ministry becomes active. Currently we are eagerly awaiting the first instalment of funding from the Ministry. At the time of writing this HX, the money has not yet arrived.

We are gradually building our events, and refining how the information is disseminated. We are planning to send the first PLD Newsletter to all members, and then they will need to subscribe for further updates. This newsletter contains details about the professional conference, wellbeing workshops (run through Worksafe Reps), grants to attend subject associations and the PCT conference. There is information now on the PPTA website on the parts of the contract where we have made progress or where there are details available.

I anticipate that the next report will be more fulsome – by then the Professional Conference and some wellbeing workshops will have occurred so there will be more to report on!
